

Aeolos

The Best Seller

Aeolos is our best selling amplifier. It's a basic integrated amplifier but with superior sound. No need for preamplifiers when using Aeolos. It provides 4 line inputs, motorized blue Alps volume control, all remotely controlled. With push - pull configuration in class AB1, it provides enough power to drive low sensitivity speakers.

Aeolos tube Integrated Amplifier 2x35W
4xEL34, 4x12AT7

Aeolos Plus Integrated Amplifier 2x45W
4x6550, 4x12AT7

Aeolos Ultra

Powered by KT150

Aeolos Ultra is a new revision of Aeolos which utilizes KT150 tubes. More power capability alongside a face lift, is intended to make an impact in the market. All the excellent features of Aeolos with more power and style.
